

We simply make shelf management easier.

Simply the Best Product for the Best Price

JADA Stixx is a new and innovative shelf management system designed to straighten, organize, and keep products in place on any standard metal gondola shelving. It doesn't matter if your shelves have circular, diamond, or square holes. Our unique patented pin configuration is designed to fit all major gondola shelving fixtures used in the retail market today.

Save Time and Money

Retailers know all too well how much time and money is spent on re-merchandising shelves. Products on your shelves shift as more items are added, resulting in mis-orders, out of stocks, and missed sales. **JADA Stixx** fixes this ongoing task for a fraction of the cost of other shelf dividing systems.

No Tools Required

Our product is reusable and adjustable to fit shelving from 8" to 24" in length. They are manufactured from MARVOLOY high clarity Acrylic Modified Styrene for outstanding reliability

year after year. **JADA Stixx** snap into place easily. There is no front rail required and there is no use of paste or double sided tape. Every **JADA Stixx** is clearly marked and scored for your convenience. Easily snap **JADA Stixx** to length by hand, align the patented pins in your gondola shelf and gently snap into place. There is even a wedge built into every **JADA Stixx** that conveniently slides underneath to easily pop the dividers free for repositioning. It's as simple as that.

JADA Stixx simply makes shelf management easier.

English INSTRUCTIONS

- Please keep these instructions for future reference as they contain important information.
- Refer to Fig. 1 and Fig. 2 for safe and easy installation.
- No tools are necessary to install JADA Stixx.
- Remove the Rear Pin Bracket (item 1). It is designed to separate free by gently bending it away from yourself and others.
- Push the Rear Pin Bracket (item 1) into the corresponding rear hole of the gondola shelving. **IMPORTANT: Do Not twist the pin into place.**
- Each JADA Stixx is scored at predetermined standard lengths. To adjust the length hold the JADA Stixx with your thumbs on the score line (item 2) that is marked with the correct length for your application. Gently bend the JADA Stixx away from yourself and others, it will separate to the desired length.
- To remove an installed JADA Stixx, slide the tapered end (item 3) between the shelf and the two front pins (item 4). Gently lift upward while applying pressure to the two front pins from below.

WARNING!

- Choking hazard. Keep away from small children.
- Point away from your face and others when adjusting size and installing.
- To adjust the length hold the JADA Stixx with your thumbs on each side of the "Breakable Score Lines"
